ASPEN interfaces with **PartSmart**, Parts Manager Pro and CODIS Access as well as with these major manufacturers:

- **Honda:** Update your ASPEN parts prices via web site downloads from Honda.
- **John Deere:** We support a variety of transactions and integration to John Deere, including parts orders/ surplus returns, parts packing lists into receipts , parts locator, price and supersession files, CG Orders, Deere MSTs and SPGS/flat rates, quoting, product registration, warranty submission, financials and Connect2.
- **Kawasaki:** Update ASPEN parts pricing through website downloads from Kawasaki and to transfer ASPEN part orders to Kawasaki
- **Polaris:** Extract stock orders from ASPEN and transmit to Polaris, eliminating the need to re-key information. Dealers can also schedule to upload their parts inventory to Polaris.
- **Toro, Exmark, Lawnboy:** Automatically file electronic product/warranty registrations through ASPEN at point of sale or directly from the Customer or Unit record using the ASPEN EZLink Interface, automatically qualifies dealers for vendor promotions.
- **Stihl:** Submit product registrations directly to Stihl from ASPEN POS, Units Maintenance, and Customer Equipment screens, eliminating the need to register products manually through a Stihl portal.
- **BRP:** Use ASPEN to schedule and upload your parts inventory to BRP, perform parts locator inquiries and view Vehicle Specifications.
